INFORMATIVE DIGEST/POLICY STATEMENT OVERVIEW

California Education Code Section 33031 states, “The board shall adopt rules and regulations not inconsistent with the laws of this state (a) for its own government, (b) for the government of its appointees and employees, (c) for the government of the day and evening elementary schools, the day and evening secondary schools, and the technical and vocational schools of the state, and (d) for the government of other schools, excepting the University of California, the California State University, and the California Community Colleges, as may receive in whole or in part financial support from the state.

The rules and regulations adopted shall be published for distribution as soon as practicable after adoption.

The purposes of the proposed regulations are to specify the California Standards Tests and scores that students may use to qualify a student for the Golden State Seal Merit Diploma, and to provide for phase out of the use of Golden State Examinations for the same purpose. These regulations are needed because that the Golden State Examinations that were used previously to identify students eligible to receive the diploma were eliminated by the Legislature. However, the laws related to awarding Golden State Seal Merit Diplomas remain intact.
